Bridge Building Competiton

On Wednesday 4th September Stage 3 went to Marrickville High for the Formula 1 day. One of the activities was bridge building. We had a time limit to use a set amount of straws, tape and cardboard to construct a bridge that spanned across a 30cm gap. Our bridge held up to 450g. This was the strongest bridge of them all! by Mitchell and Aziz

Egg drop

Last week on Monday, stage 3 went to Marrickville high school to participate in the F1 day. One of the activities that we did was the egg drop challenge. The aim of this activity was to see which group could keep their egg from cracking when it was dropped from a one story building. If the group’s egg did not break when it dropped from a one story building it would be dropped from a two story building. To protect the egg we were given 10 minutes, 30 straws, a plastic bag, a rubber band, an A4 paper, and three metres of tape (we were given a pair of scissors and a plastic plate but we were not allowed to use them to protect the egg). Our group’s egg won the egg drop challenge in the 5/6 boys category.

By Joy 5/6M
What is Moon Festival?

Like Christmas and Australia Day, the Moon Festival is an occasion for many people to celebrate. The Moon Festival is a traditional festival from northeast Asian countries. The Moon Festival is celebrated because of a legend that tells of a lady who flew to the moon and sometimes dances. We found this interesting so we decided to survey some children in our school to find out if they know much about the Moon Festival.

1. Does it have a connection with the smurfs?
2. I think it's a Chinese festival.
3. I have no clue.
4. I don’t know.
5. I am 50% sure it’s got to do something with moon cakes.
6. What’s that?
7. I think it’s a festival that a few countries celebrate by watching the moon.
8. Some man flew to the moon.
9. I don’t know.
10. A Vietnamese festival.

Sadly none of the answers are fully correct. We need to learn more about the different cultures around us so we can show our respect and perhaps celebrate the Moon Festival.

from the Principals’ desk...

It is with great pleasure that I announce that Marrickville West, in partnership with Connect Marrickville, is to be the proud recipient of a $15,000 “First Seed Funding” grant from the NAB. The partnership aims to establish an after school “Homework Hub” that will improve learning outcomes for students and families of our wider school community. The Homework Hub will be occur in the school library 2 afternoons per week from the start of 2014. It will be staffed by a teacher and a school learning support officer and will provide a space and learning support for students to complete their homework. What makes this project a little bit special is that parents will be encouraged to attend the homework hub with their children. Families will have access to reference books and computers. Staff will be available to assist students to plan and complete their work and also help parents to better understand how to support their child towards homework independence and developing the habits required for life long learning.

School Administration and Support Staff (SASS) are the backbone of our organisation and rarely get the attention they deserve. Last week was “SASS Week”, a time when we consider, recognise and acknowledge the enormous contribution made by our office staff; school learning support officers and general assistants. I have included a list of the people who are often beyond the spotlight working hard to keep learning a priority, our school running smoothly and our children safe and happy.

Thank you!!

Anne Doran (Ms Anne) - School Admin Manager
Stav Murphy (Ms Stav) - School Admin Officer
Pearl Orwin - Library SASS
Michele Napoli - General Assistant & School Cleaner
George Poullas - General Assistant
Angela Christopoulos - School Cleaner
Metaxia Filis - School Cleaner
Margaret Scott - School Learning Support Officer (SLSO school Learning Support Officer)
Angelica Kastrinakis - SLSO
Jessica Bradfield - SLSO
Bree Severino - SLSO
Christina Lavadis - SLSO
Elizabeth McCarthy - SLSO
Melinda Coe - Aboriginal Education Support Officer
Lenore Derbyshire - School Counsellor
Wendy Beattie - Canteen Manager

from the office

- Students that have hired instruments have now been invoiced. The hire fee is $90.00 for the year. Please pay at the office.
- We also have a Log / Diary for Traffic incidents that occur at our crossings outside our school. Please feel free to update the log if this occurs.

Term 3 · Week 9 2013

Delay In Distribution Of Naplan Results

On Thursday 5 September ACARA identified an error in the placement of the national average markers on the Years 5 and 7 NAPLAN Student Reports for Language Conventions. Importantly the NAPLAN student data is correct. ACARA made the immediate decision to halt any further packaging and distribution of NAPLAN reports while options regarding the distribution of correct NAPLAN Student Reports were considered. ACARA is working closely with Test Administration Authorities (TAAs) in every state and territory to ensure correct reports are distributed. This matter may result in the delay of the distribution of student reports, possibly to the week of 13 October, however ACARA and TAAs will seek to minimise the delay.

Arabic Report

This week we used Ms Joanna’s iPad and used an app called learn Arabic. I also earned an accent called a fat ha that looks something like this:

This makes the word sound like aa.

By Youssef

Computer Animation

Last week, in Computer Animation we have been working on creating an animation to present at the Enrichment Assembly which will be held in the hall at the end of the term. We look forward to showing you our work.

By Fahim

App of the week: uber

The app of the week is Uber. Uber is an app that helps you if you don’t have transportation. If you buy the app you can just look on your phone and in a few minutes there will be a car out the front just for you. You can even see the car approaching your house on the map.

By Fahim

Deadly Kids Awards

In Aboriginal English “Deadly” has come to mean a great achiever or very talented. Harry Williams has been chosen from Marrickville West to receive a Deadly Kids Award at a special ceremony at the Carriage Works on 6 September. Harry is well known to our school community as a dedicated monitor of lost property, a playground buddy, super sportsman and writer for the school newsletter.

We are proud to have Harry represent Marrickville West at this event and congratulate him on his effort and outstanding achievements so far.

On Friday 6th September I went to Carriage works at Redfern for the Deadly Kids Doing Well Awards. I am proud to say that I was given an award for my excellent behaviour and work that I achieve here at school. This is a picture of me holding my award. I am standing with the Executive Director of Education.

Library Monitor Report

Dear readers,

Please remember the library rules:
• No food in the library
• No running
• No loud noises
• Listen to teachers and library monitors
• Break it you pay for it
• You can’t borrow another book if you haven’t returned your previous books
• No going into Mrs Whitfield office unless you have permission

If you do not obey these rules for the library the library monitor will ban you from the library for the next day.

Out of Hours Care Update

We are about to commence our annual process of updating our wait list, identify vacancies for 2014 and make offers to children on the 2014 list.

Children currently attending do not need to do any form of re enrolment, the session they currently have remain in place from day 1 term 1 2014.

IMPORTANT DATES:
• 26/8/2013 We issued an email to all families on 2014 list providing them with the important dates listed below
• 16/9/2013 to 11/10/2013 Families currently attending will be issued an email asking them to update/ reconfirm wait list details including work status
• 16/9/2013 to 11/10/2013 Families currently attending will be issued an email asking them to advise us if they are leaving at the end of 2013 or want to reduce sessions in 2014
• 14/10/2013 to 18/10/2013 The above data will be updated in our systems and we will offer places where vacancies exist
• 21/10/2013 to 25/10/2013 Offers will commence via email

Things that really help us during this process:
• Families asked to provide a contact email address that they regularly view.
• Respond to all requests and we ask families to respond as quickly as possible.
• Centres cannot take wait list inquiries, provide updates, or estimate the likelihood of getting a place, the wait list is managed by the Administration Assistant, Stephen Crimston (oshcadmin@marrickville.nsw.gov.au)
• If families decide after the offer, they do not require care or change schools, they are asked to contact us as soon as possible.
• We prefer families to email us.

Maths Help

Getting stuck on maths problems again? Don’t understand the questions. Today I will go through your 9 times-tables.

Times-table can be really tricky sometimes but did you know there was a cheat to do your 9 times-table on your hands. Look at the image below:

Let’s do 3 multiplied by 6:
Firstly, imagine numbers 1-10 was on your fingertips. Secondly, multiply any number from 1-10 and bend that finger down. Finally count the fingers on your left of the bent finger (3) and count the fingers on your right (6). The answer is 36.

By Mathew Wang

Stage 3 enjoyed a visit to Marrickville library to meet the children’s author, John Heffernan. John Heffernan writes marvellous books that are for both children and teenagers. To prepare for our visit we read his picture books in class and had a mind full of questions for John. During our visit he told us a bit about his creations and we were all fascinated. Now we are inspired to read more of his books.

By Mathew Wang

Energy Report

This month’s electricity bill is . Please remember to open the blinds and use natural light as much as possible and open the windows if you can instead of using fans. Remember that the less electricity we use, the less money we have to pay.

Numbers fun
Learning to count forwards and backwards from a given number helps children with solving addition and subtraction problems. Use these great worksheets to help your child learn about number ordering.

Playground Buddies Report
Here are the school rules one more time:
– Respect yourself and others
– Always do your best
– Play safely
– People have been running on the top playground, please respect the rules.
– Please always wear your hat and please no going into the office without seeing a teacher or a playground buddy first.
STAGE 1

Page 1

I have been learning to write procedures. Whether it is rules, experiments, directions or recipes, procedures tell us how to do things. Since procedures are about actions, verbs are put first in the steps to emphasise the action. Accompanying pictures are important, since they show us how to do the steps.

I wrote a procedure about an experiment:

KIG wrote a procedure about class rules:

1W wrote procedures directing people where to go, and how to make some food:

HOLIDAY TENNIS CAMP

Kids can enjoy 5 full or half days learning to play tennis or improving their game under our experienced coaches

FREE fun program for kids to become fitter, healthier and happier!

Do you have children 7-13 years old? Are you worried about their weight?

The Go4Fun Program is an established healthy lifestyle program to improve health, fitness, self-esteem and confidence in children above their ideal weight.

What happens in the Go4Fun Program?

The program runs over one school term. There are 20 sessions (2 sessions/week, 2hrs/session). Sessions include: games, activities and swimming for kids; easy, effective ways to improve your child’s self-esteem and confidence; demonstrations, games and tips on healthy foods, label reading and portion sizes; and a fun supermarket tour!

Sydney Local Health District has 15 places on the program in your local area, completely free of charge. Places are offered on a first come, first served basis. Children need to be 7-13 years old and above their ideal weight to attend. A parent or carer must accompany each child to every session.

To find out more contact 1800 780 900 or visit www.aihd.nsw.gov.au/Go4Fun
This term Stage 3 has been participating in the F1 project, which has involved all students crafting a mini F1 car model. A couple of weeks ago, on Wednesday 4th September, all students walked down to Marrickville HS for an F1 Day.

Part of the day involved the finalists from MWPS racing their model F1 cars against the other finalists from Wilkins PS. The finalists from our school were, Laila, Sandra, Louay, Quan, Evie, Teagan and Lewis who had the fastest cars.

At the high school, the best competitors from our school were Lewis and Sandra. Lewis was the only competitor from Marrickville West who made it to the semi-finals, but sadly he got knocked out by another player from Wilkins PS.

At lunch time we had to socialise with students from Wilkins PS and some of us found it very hard to socialise but later we played a friendly match of soccer together and ended up making a lot of friends.

We would like to thank Marrickville HS for letting us participate in F1 School challenge, and especially Mr Sciacca for demonstrating to us how to build cars and also for bringing the track to our school for the qualifying race. We also like to thank the students from UTS for helping us with egg dropping and bridge building.

By Rafid & Mert

Stage 1 recalls the Powerhouse Museum...

**School Captain Report**

It looks like it’s going to be a very warm spring, so remember to bring your hats, drink lots of water to keep hydrated and stay under the shade as much as possible.

Lately older students have been playing tips on the top playground. Please respect the RAP rules and play running games down at Henson.

Respect yourself and others

Always try your best

Play safely

By your School Captains, Onyi and Mitchell

Many hearts make a school.
**Variation on a Fish Soup Vivi learnt in Bali**

**Base Ingredients:**
- ¼ finger of fresh turmeric, or ¼ tsp powder
- ¼ finger of fresh ginger, or ¼ tsp powder
- 2 cloves of fresh garlic
- A little fresh chilli to taste, or powder
- Salt
- Squeeze of lime or lemon
- A little oil
- 1 Onion, finely diced
- Small Can of Coconut Cream

**Optional Ingredients:**
- 3-400g of fresh fish or chicken or tofu - diced
  - with
  - Sweet corn, potatoes and fresh coriander
  - or
  - Asparagus and Mushrooms and fresh coriander

**Method:**
1. Place coarse salt in a mortar, and add cut up spices. Pound together into a paste.
2. In a hot pan, fry the spices until lightly brown then add onions. Fry until soft
3. Add Optional ingredients (either fish, chicken or tuna) and brown
4. Add 2-3 cups of water and bring to the boil, adding a squeeze of lemon
5. When vegetables are cooked, add can of coconut cream. Heat but don’t boil.
6. Add coriander or other garnish.

**Story behind the recipe.** When I visited Indonesia in 2012, I was invited by our Driver to his family’s home in West Bali to learn how to make fish soup. His mother went down to the beach to buy fresh fish and crabs from a fisherman. They showed me how they pound the spices together, add the onion, water and fish. They added fish but not the vegetables. My variation has been adding other vegetables and the coconut milk at the end.
The Tennis Group, Beaman Park, Earlwood.

We are running a school holiday promotion which gives young players the chance to have a one hour session with one of our coaches for just $5.

Beginners are very welcome. School holiday sessions are available on weekdays from Monday, September 23rd to Friday, October 4th.

Year 1 and 2 students from 9 to 10am or 1 to 2pm, Year 3 and 4 from 10 to 11am or 2 to 3pm, Year 5 and 6 from 11am to 12pm or 3 to 4pm.

Term 4 bookings are also available. Monday, September 23rd to Friday, single session. We will make a $40 every morning 9-9.15am player’s first ten week booking and 5 and 6 from 11am to 12pm or 3 to 10am or 1 to 2pm, Year 1 and 2 students from 9 to 10am and 1 to 2pm.

We have a $40 discount per player for a Term 4 booking. The Tennis Group is a $160 for ten sessions or $25 for a one hour session with one of our coaches. The Tennis Group is a member of Tennis NSW.

**Honorificabilitudinitatibus**

It is the longest word in any William Shakespeare’s plays and is the longest word with a pattern of alternating verbs and consonants. Honorificabilitudinitatibus has twenty-seven letters.

**Diary of a Radical Recycler**

11:25am: The bell rings and I am off and running. You see, today I have this little competition going with my fellow recyclers – The Recycling Olympics. Basically we are holding a competition to see who can be the fastest recycler and win the Gold Recycling Medal. The Olympics was my idea which I came up with last week when we found a medal in last week’s recycle pick up. Everyone in the recycling team tried to claim the medal. A winner takes all competition was the necessary solution. So here I am, running like Houdini Bolt to the Kindergarten Triangle.

11:30am: Disaster has struck! The door to KB is locked with the bin inside. Curses! I must detour down to Miss Anne to get a key.

11:45am: Could this be any more frustrating? I was left waiting at the office door while Miss Anne confirmed a bus for a Stage 2 excursion and then helped a child in sick bay. However, I am still in with a chance. I noticed that one of my fellow recyclers was diverted onto an errand for Miss Hartley.

11:55am: Well I did it. I was the fastest, ironically in what was my longest recycling trip ever. But it seemed that delays abounded today – and I won the gold medal. Just remember fellow recyclers – winners are grinners.

**Word of the Week:**

This week’s word of the week is **Honorificabilitudinitatibus**

(On-or-if-i-cab-il-it-tud-in-it-at-i-bus).

It is a noun meaning the state of being able to achieve honour. It is the longest word in any William Shakespeare’s plays and is the longest word with a pattern of alternating verbs and consonants. Honorificabilitudinitatibus has twenty-seven letters.
