The athletics carnival was a stunning day. First we started off with the 100 metre age races. Straight after the 100 metre races we had lunch. We ate sausage sizzles from the BBQ provided by the wonderful P&C. After lunch we got split into groups depending on age, there wasn’t enough time for all the events but, we did shot-put, discus, long jump, tug of war and 200 metre races.

After the activities were finished we had the relay races which were very exciting! At last, we had the novelty races for the teachers, parents and students. What a very fun day!

The Athletics Carnival
A big thank you from Me Ling...

To my surprise, I was contacted during the holidays by the organisers of the annual Telstra Business Women’s Awards. It appears I was nominated to receive an award for “spirit, achievement and leadership” by a member of our school community (who has chosen to remain anonymous).

For various reasons I was unable to proceed with the selection process, however I did want to acknowledge this honour and express my sincere appreciation to the person or people who considered me an appropriate candidate for such a prestigious award.

As I come to the end of my tenth year as principal of this impressive school, it remains my privilege and (most days!) my absolute pleasure to work with the children and community of Marrickville West. The challenges are by far outweighed by the joys and sense of pride I feel when seeing the success of our children as they learn, thrive, care and celebrate in our dynamic, family-centred school environment.

As teachers, we are laying foundations for the future. As a school community, we are building those foundations to ensure our future is led by a generation with strength of character, respect for others, pride in themselves and the confidence to make a positive difference where they can. This is the reward I treasure most.

Thank you all for working with me to make Marrickville West the best! May we continue, together, to enjoy the success and sense of belonging that our makes our school such a special place to be.

From the Principals’ desk...

We often talk about how our children learn at school. What you might not be aware of however, is that public schools are also committed to professional learning for all teachers. It is a condition of employment in DEC schools that teachers continue to work conscientiously to develop their knowledge, understanding and skills in the delivery of quality education and school curriculum.

To begin working in public schools, teachers need to have successfully completed the equivalent of a four year university degree (or more). Most primary school teachers now graduate with at least a Bachelor or Masters Degree in Education.

Upon graduation, they are considered to have achieved competency in teaching to the standard of “Graduate”. Since 2004, it has been mandatory for all teachers employed by NSW Department of Education and Communities to then demonstrate standards at the level of “Proficient” teacher within 2 years of being appointed.

The National Standards for Teachers is the measure by which all new Australian teachers are accredited. Once accredited, teachers must work to “maintain” their accreditation by completing at least 100 hours of professional learning and participating in an annual “Teacher Assessment and Review” (TARS) process. Professional learning can be delivered to staff groups or tailored to meet individual professional learning plans.

Courses, workshops and online modules are generally attended out of school hours and on staff development days.

Over the last 6 months, teachers at Marrickville West have extended their professional competency through their involvement in the following courses:

- Child Protection
- Asthma Awareness
- Anaphylaxis Training
- Teaching Students with Autism Spectrum Disorders
- Managing Students Suffering Trauma and Attachment Disorder
- Learning Adjustments for Students with Special Needs
- Planning and Programming with Concepts in English (New Syllabus)
- Multi-modal Instruction in English
- Assessment and Reporting in English
- Development of Scope and Sequence for English
- Including Quality Literature in English
- Planning for Learning in the 21st Century
- Understanding the new Mathematics Syllabus
- Teaching the Language of Mathematics
- Embedding Learning Across the Curriculum
- Reasoning and Working Mathematically
- Working with Technology in the – Classroom
- Planning Adjustments for Students with Additional Needs (including Gifted & Talented)

In addition, teachers meet regularly to plan collaboratively, evaluate programs and share experience and expertise across grade and stage teams.

The learning never stops at Marrickville West!
Marrickville West in 1957

Thanks to Carl, ex student and resident of Henson St who visited our school earlier this year.

...and Marrickville West in 1951.

Marrickville West was lucky to receive a visit from Indonesian Dancers as part of the ASYIK Goes to Schools Program. We experienced a fabulous and FREE performance of traditional Indonesian dance with some modern twists and lots of laughter.

Some of our students got to participate in the fun.

Mr Goozeff leaves Marrickville West PS to take up a position as Assistant Principal in another school.

Mr Goozeff has been an endless source of inspiration, enthusiasm and good humour. He will be long remembered for his special talents on a skateboard, his creative Book Week costumes and his expertise in anything Shakespeare. He began our first Chess Club, created our first class website, coordinated our first Handball competition, purchased our first IPad, arranged our first Bring and Buy stall, presented the first assembly item in Latin, brought the Bell Shakespeare Company to our school hall and taught us all by example, that learning is a life-long journey… even for the grown-ups!

His intellect, initiative and dedication to the ongoing improvement of his school, his students and his own professional capacity are a credit to him and have been of enormous benefit to his colleagues and the community of Marrickville West. He is a teacher who has earned the respect of us all through his ongoing care and respect for the needs and opinions of others. He strives every day to do better and understand more, while also working to ensure his students feel good, learn lots and have fun doing it.

We wish Mr Goozeff the very best as he embarks on this new and challenging chapter of his career and look forward to hearing about his future adventures as a permanent member of the school executive.
Internet Safety

Access to computers, email and the internet is provided for all students at school via the DEC Portal. This portal is designed to block sites that have been identified as potentially unsuitable for children, however individuals must remain vigilant and responsible for their choices when on line.

It is important to note that when students log on to the internet at school or their email account at home, they agree to abide by an “Acceptable Usage Policy”. This policy states that the technology will be used responsibly and for purpose of learning. Students are to ensure they keep their personal details (such as passwords) private and immediately report any incidents of misuse or abuse of computer equipment, software or facilities.

It is also important to note that whilst different families may have their own rules about accessing computer games at home, games that are violent or contain mature language or adult themes are not to be shared or accessed at school either through the internet or personal devices.

All students will be asked to sign a contract in the coming weeks which outlines in detail their responsibilities when using the internet. Parents are encouraged assist their child to understand these obligations and where possible, monitor what their child is accessing and sharing on computers, tablets and mobile phones when at home.

Breaches of the departmental usage agreement may result in the limitation or loss of the student’s computer privileges and/or internet access at school.

From the Library...

Throughout July and August we are connecting with reading by trying to complete our Premier’s Reading Challenge online. So get into a book and start recording!

We are celebrating Book Week (18 – 21 August) with a Book Parade. Start thinking about who you’d like to dress up as. In the library there will be a guessing competition – What book character will your teacher be? Clues will be left all around the library.

During book week our library will be hosting Story Relays as part of our library lessons. The theme is Connect to Reading, which is the theme of the Children’s Council of Australia Book Awards 2014. Books are a collection of stories that connect us to others. Come along and connect with our students and share your story. The possibilities are endless. Drop into the library with your idea and I will schedule you into our program.

Looking forward to hearing from you.

Pearl Orwin

Why are we not allowed to share food at school?

When Beatrix and Lucy visited Ms Ling to ask this very sensible question, they thought the answers might interest other children at Marrickville West.

Parents provide food for their own children and like to know what their child has eaten at school.

Some children have allergies that will make them very sick if they eat certain food.

Some parents have particular preferences about the types of food their children should eat at school.

Some religions do not allow people to eat certain foods or to eat at certain times.

Please support your child to respect the rights and safety of others. Help them to understand why we encourage the sharing of food at school.

Please do not send lolly bags to celebrate birthdays. If your child must have a birthday cake (or cupcakes) at school, include a list of ingredients and ensure it is nut free. Be aware that children with dairy, egg or gluten allergies/ intolerances will not be able to participate in celebrations that involve cakes. Party hats, balloons, non-dairy ice blocks or a fruit platter might make a more fun and inclusive choice.

The children enjoyed making hens during their English LOTE lesson and then writing about how they made them.

The actors were dressed in amazing costumes as they acted out the story of the Gruffalo on stage. They were great and we loved the performance. After the show we went back to the park where we had our lunch and enjoyed playing with our friends. We had a really lovely day!

Last term Kindergarten went to see a performance of “The Gruffalo”. We travelled by bus to Victoria Park where we had our morning tea and then we walked to the Seymour Centre for the show.

Inspired by the abstract artwork of Jackson Pollock “Blue Poles.”

Media: Straws and blobs of coloured paint on paper.

TERM 3 · WEEK 4 2014

MARRICKVILLE WEST PRIMARY SCHOOL NEWSLETTER

STAGE 2

3/4M Book reviews

The 39 CLUES
BY PETER LERANGIS
This book is really good because it has excitement and mischievous mysteries that are weird. It is about two sisters and their brother who go to Japan trying to find the next clue, but they don’t expect that their cousin has the clue. What will the new series be like? I hope it's good and that you like it too.

By Hao

Freak Street Meet the Vampiresons
BY KNIFE AND PACKER
This book is fab. The Vampiresons are just hilarious. The main character is Vonda. Vonda is a little girl with big dreams. The Vampiresons are not blood sucking monsters; they are really friendly. They always end up with a famous person captured or an evil human attacking their town. It is a very weird but interesting story. I recommend this book for children 8 years and older or younger. What adventure will you go on when you read this novel?

By Sharni

The Tiara Club
BY VIVIAN FRENCH
It was Queen Fabiola's birthday! The princesses wanted to buy jewellery for her! Will they find a perfect jewel at the Annual Exhibition? There was one FABULOUS necklace that sparkled brightly! Will they choose it for Queen Fabiola?

by Christy

Just stupid
BY ANDY GRIFFITHS AND TERRY DENTON
"I can’t find it." A ten year old boy named Andy Griffiths appears that he can’t find the toilet. There are many problems that are preventing him from going to the toilet. He is in a 4 story supermarket and there is only one toilet in the whole building! Getting stuck in escalators, falling over old people and falling into stacked cans, will he get there in time before he busts to death?

5/6 C’s Assembly

In the Week 2 assembly, it was fantastic! There was great entertainment; we had the boys drumming a great beat! Well done boys.

Next presentation was Sofia’s recorder piece. Katherine played a piano piece. 5/6C really has some talented students.

STAGE 3

3/4M Book reviews

MINECRAFT REDSTONE
Made by Markus Pearson (NOTCH)
This book is very interesting. With redstone you can make traps, creations and machines. This book also helped me on my redstone creations. In the last few pages there are community creations like 14 story elevator and zombie siege. I hope there are more books in this series.

by Ziyan

The Video Conference

On the 22 of July 2014 selected students from Marrickville West Primary School, did a video conference at 12:00 with the Powerhouse Museum, the Australian Theatre for Young People (ATYP) and a school from the Bathurst Region. The reason for this video conference was to watch and edit a new play called ‘Alienoid’ written by John Armstrong. It was an hour and a quarter long conference. Students from Stage 3 will be seeing the complete 50 minute play in October 2014. Whilst we were in the call we did a few activities including a few Tablos. We had to do tablos like how we thought the play should end, a tablo of a family picture etc. It was a good experience because we got to communicate with another school and the complete cast of ‘Alienoid’.

Canterbury Girls Enrichment Program

On the 21st and the 22nd of July, a selected group of year 5 girls went to the Canterbury Girls Enrichment Program.

At the start of the first day, all of the different schools were separated into 4 groups: Red, Green, Blue, and Yellow. We were all given folders corresponding to our group colours. In our folders we were given: A timetable, a piece of paper with the day’s topic on it: Shaping the world, and an invitation for parents to come to the Cantabrian Hall to celebrate our achievements.

Then we all went to our different classes: Physical Movement, Maths, Science, and English. In Physical Movement we concentrated on logical thinking and working together. We played games like The Human Knot, Traffic Jam and Shepards and Sheep. In Science we made fossils out of shells and then we found out a bit more about them. In English we studied set design and found out how lighting and stages can set a storyline. And then in Math we made Geodesic domes out of toothpicks and gummy bears, we found out that triangles are the strongest shape to hold up a structure.

After all of our classes finished we gathered in Cantabrian Hall to be taken either back home or back to school.

The next day we had the same routine as we’d had the day before. In Science we made crystals and studied Chromatography. In English we dressed up and became the characters for our play. In Physical Movement we were split into groups and we came up with a dance routine, which we then displayed to the class. In Math we studied Cryptology.

Over the two days we had two mentors that stayed with our group: Naomi and Csilla. They led us to all of our classes, and stayed with us for the duration of our classes.

Our experience of high school was extremely.... Supercalifragilisticexpialidocious!

We will be returning to Canterbury Girls High School on the 28th and the 29th of July. We can’t wait!

By Hailie and Meg 5/6K.

MUSICAL INSTRUMENTS WANTED

The P&C are excited to announce that soon Marrickville West will be offering an extended music program comprised of a number of ensembles, including a brass and woodwind concert band and a ukulele group. We are able to launch this thanks to a financial grant and some dedicated parents and teachers, but we need your help.

You can’t play music without instruments, and we need good working instruments! If you have a spare clarinet you no longer play, an abandoned trumpet gathering dust or an out-of-tune ukulele sitting lonely in a corner we would love to take it off your hands and put it to good use.

We are currently looking donations of following instruments (please drop them off at the office):

- Trumpets/Cornets
- Eb or French Horns
- Trombones
- Baritones/Euphoniums
- Tubas
- Flutes
- Clarinets
- Saxophones
- Recorders
- Ukuleles
- Violins
- Cellos

We will be sending home more information about this initiative in the coming weeks.
**SCULPTURE BY THE SCHOOL**

**SAVE THE DATE:** Saturday 13 September, 3pm til 8pm

Henson will be transformed into a Sculpture Walk, there will be art for sale, live music, food and drink, activities for kids and the Marrickville West Goldberg machine extravaganza.

Every class is working with an artist each week to build their part of the machine. If you want to help and be part of the making, please ask your child’s teacher or class parent when this is happening.

If you are interested in having an arts or craft stall on the day, please get in touch! sculpturemwps@gmail.com

**Coffee volunteers still needed**

Many thanks to Harley who has been helping do coffees at the canteen for several years. He has recently been given full time work and we need another friendly face to help Shelley Wilson on Thursday mornings with coffee. We are also looking for someone to help deliver coffees on Wednesday morning with James Goodman! Please let Melanie Stopic know if you can help (mstopic@exemail.com.au)

**Movie Night: 6pm Friday 15 August**

The next Manifest-oh! is coming up soon, come along for a wide variety of animation from around the world. We are featuring the shortest animation ever nominated for an Oscar, and many more award-winning visuals. The canteen will be open with hotdogs, popcorn, choc-tops and tea & coffee. Bring your friends, it’s only $3/person or $5 a family!

**Athletics Carnival Helpers**

A huge thanks to all that helped out at the Athletics Carnival last Thursday. We had keen sausage cookers, many people helping put sausages in bread as the lunch rush came, sauce helpers, the very important job of making sure each kid got the right number of sausages, skipping rope holders, photographers, hula hoop wranglers, place markers at the long jump and many more. Many hands make light work and it was a great day. I hope all parents had fun in the egg and spoon race at the end of the day too!

**NEXT P&C MEETING: 7pm Thursday 31 July**

in the Staff Room. All parents are welcome to come along and learn more about the school and give their ideas on how to make it a better place.

English, Work and Volunteering

A FREE course in volunteering and job seeking skills
Access to Work and Training (Introductory) 1044

This course is for people wishing to participate more in their local community by:
- volunteering at their child’s school
- helping in community organisations
- contributing to a local community garden

Students learn volunteering and job seeking skills including:
- improving reading, writing and speaking skills
- communication in the workplace
- finding the right job
- resume writing
- applying for a job online
- interview skills

This 3-hour per week course is held at Ashfield Public School every Monday from 10am to 1pm commencing Monday 20 July and finishing 10 November.

If you wish to attend this course please contact Tricia at TAFE Outreach on 9335 2790 patricia.kenny@tafensw.edu.au

- All courses run subject to demand and available resources.

Monday 4th August

KIDS IN CULTURE: STRONG PROUD REILHENT

NATSICD is a day for Aboriginal and Torres Strait Islander families to celebrate the importance that family, culture and community play in our children’s development and wellbeing. It’s a day to help our kids stand tall and feel connected and proud.

Join us for celebrations including performances, food, sporting activities, children’s activities, animal farm, plus much more!

The course is held at The Boys High School and Ashbury Bowling Club to give kids a chance to get a taste of a variety of sports. A great introduction to local sports clubs, giving kids the opportunity to test out each of the codes for themselves and get excited about the upcoming season!

If you wish to attend this course please contact Tricia at TAFE Outreach on 9335 2790 patricia.kenny@tafensw.edu.au

- All courses run subject to demand and available resources.

Aged Care Course

Looking for work in the Aged Care Industry?

Petersham TAFE Outreach is running a FREE course for people wishing to gain employment in this growing industry.

This course is held on Mon, Tue and Thurs mornings from July to November 2014. Upon completion students receive a Certificate II Skills for Work and Training in the Community Sector 1044.

Gain a First Aid Certificate
Learn how to work with older people
Find out about services for older people in your local area
Visit aged care facilities
Explore your employment and study options
Put the Certificate III in Aged Care Receive help with English and writing

Gain valuable work experience

No need to book a place, just come to the Information Session

10am Tuesday 15 July 2014
Building A, Level 1, Room 17
Corner of Gordon St and West St
Petersham

Suara Indonesia Dance has new dance classes starting for kids! (5-14 years - boys & girls)

REGISTRATION is essential as numbers are limited so please register to ensure your child’s place:
info@suaraindonesiadance.com.au or call 0415 431 453 (Alfira).

The first 4 weeks will focus on a performance for the Haldon Street Festival 23rd August in Lakemba!

Then: August 29th/Sept 5th/12th/19th (until End of Term 3)
Class dates start August 1st/8th/15th/22nd (first 4 weeks).

Classes are $35 per child per month or $70 for 8 weeks per child.

Contact: info@suaraindonesiadance.com.au

Class start date: August 1st 2014
FRIDAYS 4.30pm-5.30pm
Become A Volunteer Host Family

Enrich Your Home With A WEP Exchange Student

World Education Program (WEP) is inviting Australian families to experience another culture within their own homes by becoming volunteer host families. Choose a student from Italy, Belgium, France, Switzerland, The Netherlands or South America and get a glimpse into the life of another culture without having to leave the comfort of your home! Our exchange students are just as excited about sharing their own culture and life experiences as they are about becoming a member of an Australian family.

Arriving in January:
Angelica (17) from Italy says that she is excited to start school in Australia, to meet her new classmates and start speaking English with them. She has been doing artistic gymnastics since she was 6 and currently trains 3 times per week. Although she admits she isn’t at a high level, she loves the sport and spending time with her teammates. She tells us that she is looking forward to meeting her new host family, is willing to help out with housework and is excited to meet her new host siblings.

Pietro (17) from Italy enjoys martial arts, playing cards and games, general fitness and plays both the trumpet and piano. He tells us that on Sunday mornings he often goes to church or bakes with his father and sister. He also says that he is optimistic and hopes that his exchange experience will help him grow as a person.

+ MANY MORE

Find out more!
Getting to know your student before he or she arrives brings fun and joy to everyone involved. Take the next step and contact WEP today to receive a full information pack for your family, including student profiles.

Sculpture by the School – CALL FOR SCULPTURES!

Have you ever thought about making sculptures out of the materials and leftovers that you find all around you every day? Any plastic bags, cardboard boxes, bottle caps, plastic shopping bags, old clothes? Anything at all might be a good beginning for a great artwork.

Did you know that Picasso made a sculpture out of an old bicycle seat? Another famous artist called Marcel Duchamp made a sculpture out of an old bicycle wheel and a stool. Lots of famous artists have figured out that anything at all can be turned into great art.

NOW IT’S YOUR TURN!!

On Saturday 13 September 2014, Marrickville West Primary School and the School’s P&C is holding ‘Sculpture by the School’, a community-inclusive, environmentally-friendly fundraising event.

WE NEED TO YOU to donate sculptures you have made that we can sell at the event to raise funds for our school. Think big, think small, think about what you like to make and have lots of fun making it.

To donate sculptures get working now, as sculptures need to be delivered to school during the week before the sculpture event with all sculptures to be at school by Friday 12 September 2014.

Any questions or need more information? Call Carolyn (Wavey and Jed’s mum) on 0407 027 835 or email sculpturemwps@gmail.com

DAILY MEAL DEALS

MONDAY: CHOOK CHOOK

5 Chicken wedges (Halal) or Chicken Burger $3.50
