Tuesday 19 August 2014

We acknowledge the original owners of this land, the Cadigal People of the Eora Nation and their elders past and present.
From The Office

Welcome back Ms Anne! And a BIG thank you to Ms Geri Ms Jessica for helping out in the office while Ms Anne was away.

Lost Property
Please check the lost Property Boxes for misplaced Jackets, Hats & Lunchboxes. If you have accidentally taken home an item that belongs to someone else, please return them promptly.

Notes
Please remember to bring back Excursion/Incursion and Activity Notes signed before the event. It is not always possible for the teachers and office staff to contact parents for permission at the last minute. It would be very unfortunate for your child to miss out.

Electronic Devices and Valuables
Electronic devices (phones, tablets, digital cameras, game consoles, etc) and valuables (large amounts of money, sentimental items, etc) are to be left at home in order to avoid loss, theft or breakages. If you need to bring devices into school please drop them into the office for safe keeping, they can then be collected after school.

Medicines
Please drop all medications to the front office and complete a medical form so that they can be administered by a staff member.

School website contains news, class overviews for the term, useful information from DEC and a school calendar with links to permission notes.

Go to: www.marrickviw-p.schools.nsw.edu.au

From the Principals’ desk...

Student teachers add to the capacity of teachers to meet the range of learning needs experienced by the children enrolled at our school. They also promote stronger links between our school and universities. These connections often lead to and enhance a range of additional learning opportunities, programs and events for our children and teaching staff.

One such opportunity is the University Reading Program currently operating in the school library on Tuesday and Wednesday mornings for Term 3. Around 30 student teachers from Sydney University work with their lecturers and Mr Burman, our Learning and Support Teacher (LAST), to develop their understanding of how children learn to read. They attend a tutorial between 8:30 and 9:30 and then implement their learning on a one to one basis with students from Marrickville West from 9:30 to 10:30.

Our students benefit greatly from the individually targeted, quality learning support. The student teachers are advantaged by the opportunity to experience in practice, what they would otherwise only learn about in theory. While some of our teachers and School Learning Support Officers (SLSO’s) get access to university level tutorials and supported practice in delivering a program developed by experts in the field and based on the latest in educational research.

Sadly, many more students apply to come to Marrickville West to complete their work experience and professional practicums than we are able to accommodate throughout the year. However for those we can accept, the enthusiasm, professional support, leadership development and inspiration brought by them to classrooms and staff rooms are highly valued. It is often sad to farewell visiting student teachers at the end of their time with us, but always good to hear their feedback.

As a school community we deserve to feel proud of the way in which we continue to share with and welcome university students and other volunteers. By doing so, not only do we enhance the learning experience for our own students, but also make a meaningful contribution to the quality of our future teachers and school leaders.

Ruth Bradfield-Ling
Principal

Calendar Dates

every Monday and Wednesday
Homework Club

Every Thursday
Enrichment

every Tuesday until September 8
Active after school Sports – Frisbee

every Thursday until the end of term
Circus skills

3 September

Assembly 2:45pm

4 September
Fathers Day Stall

5, 12 and 19 September
Free NRL Clinic

11 September
Kindy farm excursion

13 September
Sculptures by the school

17 September
Enrichment sharing assembly
Where would we be without our volunteers?

Nadia Chami

Nadia Chami knocked on Connect Marrickvilles door late in 2011. A diminutive French speaking Lebanese woman, she had spent over 20 years living in Canberra, mostly as a public servant. Then in 2011 she discovered cosmopolitan Bankstown in Sydney. Nadia and her sister, decided to seek out their long service leave on half pay, volunteering and discovering Sydney.

Flu season is here!

Influenza is spread from person-to-person through the coughing or sneezing of infected people. Remind your child about these good hygiene practices to minimise the spread of infection:

• Anyone who is sick with influenza symptoms should stay home until their symptoms are gone.
• Cover the nose and mouth with a tissue when coughing or sneezing. Throw the tissue in the garbage bin after use.
• Wash hands often with soap and water, especially after coughing or sneezing. Alcohol-based hands cleaners are also effective.
• Avoid touching eyes, nose or mouth. Germs spread that way.

If you or your child develops influenza-like illness, seek the advice of your family doctor as you would with any other illness.

The seasonal influenza vaccine, which protects against the pandemic influenza strain as well as two other influenza strains, is now available free to eligible people. More information about the vaccine is available from the NSW Health Immunisation Unit’s vaccination page.

Previous vaccination with the pandemic influenza vaccine, Pandemrix® is not a barrier to also receiving the seasonal influenza vaccine.
**School Attendance**

The secret to school success is being there and arriving on time!!

Missing just one hour of school per week because of lateness equates to 56 days of missed learning time by the end of primary school. This is equal to 11 weeks or more than one whole term of lessons.

Missing the equivalent of one day of school per week is equal to missing 280 days by the end of Year 6. That equates to more than a whole year of school and clearly puts students at an extreme disadvantage.

Encouraging good school attendance helps children develop the discipline, resilience and commitment that is needed to succeed in high school, further education and as an adult at work.

The school principal can approve leave from school for sickness or significant family reasons. Please ensure you contact the office or write a note to explain any absences and where possible, provide a doctor’s certificate. This will prevent the school or Home-School Liaison officer from needing to take further action.

Home Reading is the only homework activity that is encouraged every night for every child from Kindergarten through to Year 6.

Help your child develop good reading habits and a love of literature by encouraging them to spend a few minutes each night enjoying a good book.

Our school community of birds has been joined by a family of very tame (and extremely brave) rainbow lorikeets. The pair of colourful birds has joined the group of pigeons, gulls and ibises which cleans up our playground after lunch and recess each day.

Our students have been very excited to see the pair visit during play times and have been careful not to tread on or frighten these little birds.

We should all remember though that they are wild animals and will remain much healthier if they continue to eat mostly their natural food rather than white bread, chips and popcorn!

**Spainish Report**

In year 5 and year 6 we have discovered who VELAZQUEZ was. Spanish art is an amazing world full of colour and important artists.

**Stage 2**

**3/4M Book reviews**

Tom Gates Best Book Day Ever [so far]
By Liz Pichon

Tom has been trying to find a good book to make a costume for Book Week. Finally he decides on the novel “Alien Scales Monsters” for his suit. Tom’s costume doesn’t go as planned, but is fixed in the end with quick thinking. Can he win first prize or will Marcus [his arch enemy] win with his outfit? Bring it on!

5 Stars!!!!

by Iggy

Dork Diaries Skating Sensation
by Rachel Renee Russel

Nikki has a time to learn how to ice-skate. She is mortified in her High school life, so she tries to enter an ice-skating competition by raising money. Something is disturbing Nikki about the ice-skating. You will find this out if you read the book.

A character named Victoria, who is the director of the ice-skating show, is very nasty and strict to the skaters. The book mentions the reason why Victoria acts this way.

Nikki likes a boy named Brandon. He gives her a present. Read the book and find out what the present is? Why is it so special?

When Nikki and her family went to the theatre, Nikki’s sister Brianna needed to go to the toilet. Brianna goes into the bathroom and she gets an idea to play a joke… using toilet paper! So Brianna thought ……… You will find out what Brianna has done with the toilet paper, if you read the book. It’s quite funny. The end is completely twisted. You will get a shock.

by Katie
This term Kindergarten have been exploring the Farm and how it helps us to meet our needs. Recently we spent some time looking at the cow and discussed how the milk gets from the cow to us. We know that cows make milk and that their milk can be turned into all sorts of delicious dairy products. Kindy even tried their hand at making some butter!

We read the book Whoever You Are by Mem Fox to help us learn more about Diversity, by Katherine.

2GK has read and studied “The Paper Bag Princess” by Robert Munsch. We made these Paper Bag Princesses and wrote about them during our literacy lessons.

2B have been reading the readers’ theatre (play) version of “Fantastic Mr Fox”. Students have been choosing parts to read and everyone has a turn. We are studying the language used in the play, the characters and other features.

K/1B have been using adjectives to describe their characters. We have been using our imagination to create our own imaginative texts.

1S has been reading How the birds got their colours. An Aboriginal Story giving an interesting perspective to the creation of colourful birds.

by Beatrix

by Brishti

by Yuki
2/4 G have been working on information reports – writing used to clearly give information. Here is a selection of information reports about different topics from Darren, Lily and Ernie.

**Stage 2**

**The BFG by Roald Dahl**
Join Sophie on her adventures with the BFG through the land of giants. The BFG may be the only friendly giant, all the other giants are vicious man eating monsters, and Sophie is a human so she has to sit in the BFG’s enormous ear. The BFG says he can hear the stamps of ladybugs on leaves and they sound like thunder! The BFG and Sophie have fabulous adventures but there’s one more question still to be answered, will the man eating giants win and eat all the humans alive? Or will the big friendly giant win with his best friend Sophie and get rid of the Blood bottle, the Fleshlumpeater, the Bonecruncher and other nasty giants, FOREVER!??

**Vicious Vikings by Terry Deary**
What if you were stuck on a Viking boat preparing to invade Rome? Well if you like that feeling or are interested in that, read this Vicious Vikings book. You will also want to read it because it has lots of funny Viking legends or read it to find out about Viking history. BUY THIS BOOK!!! I had a lot of laughs reading this book and I recommend it because it’s very interesting.

**Kaimana Big & Strong written by Dorian Nakamichi**
I like this book because there’s really good action. Kaimana being small, was always picked last to go play. He was still in kindergarten and there were two bullies named Cole and Emma. They always said that he looked like a minion. This book is good for kids that are 5+. It is also funny because he is only 6 and can surf. I think it is good for little kids.

**Kaimana – Information Report by Isabella 5 - 6C**
Decided that she had enough practice and got on working on a novel. Her first novel was for a kid’s show on Channel Ten named “Cheez TV”. After 7 years of writing scripts she decided that she was traded for a camel and got thrown in jail, twice! Surprisingly, her first writing job was to be a villain in a TV show written by a woman named Ron. She decided that she would travel overseas and get inspiration. So she travelled overseas where she got ideas for a new book. She returned home at the age of 7. She studied as a teacher in university then decided that she wanted to go on a solo trip. Her first solo trip was to a faraway island. She has never been back since.

**Author Talk: Deborah Abela**
Stage 3 had the pleasure of meeting an author who writes children’s books. She presented an author talk to us at Marrickville Library. Deborah Abela is a writer that knew she wanted to be one since the age of 7. She studied as a teacher in university then decided that she wanted to explore the world. So she travelled overseas where she got inspired by monkeys, woke up next to alligators and even almost was traded for a camel and got thrown in jail, twice. Surprisingly, her first writing job was for a kid’s show on Channel Ten named “Cheez TV”. After 7 years of writing scripts she decided that she had enough practice and got on working on a novel. Her first novel was – Max Remy Superspy Part 1: In Search of the Time and Space Machine. Now there are 10 books of the series Max Remy, which is about a girl named Max and her best friend Linden who travels the world as secret agents.

Sculpture by the School is coming up!
Colour and creativity is everywhere at school this term as we gear up for Saturday 13 September.
All classes have been building sections of our Goldberg spectacular. Our kids and the volunteer artists are having fun making volcanoes, exploding tennis balls, building giant dominoes, throwing paint bombs and more!
The Sculpture Walk in Henson is growing as more and more artists submit work, and it's not too late to submit your own work to be displayed. If you buy materials from Reverse Garbage, mention Sculpture by the School for 15% discount.

Three art teachers from Dulwich Hill High School have given their time to work with thirty of our students, one group learning the fine art of silversmithery and another group making ceramic creatures. Their creations will be exhibited for sale at Sculpture by the School. Thank you Dully High.

It is great to see so many people from our community collaborating and learning new skills and making art together.
Remember, there will be plenty to buy on the night and all proceeds go towards the new playground!

Working Bee
A huge thank you to all those who came along to the Working Bee on Sunday. We had over 25 families come and help pull out weeds, cut bushes, dig up bricks, rocks and logs and clear the site. We now have an open area ready for the builders to come in and start the first section of making our new playground area in the next few months.

Manifest-oh! : Movie Night
Wow! What a fantastic turnout on a cold winters' night. Thanks to everyone who came to make this a fantastic event - our little movie night is growing more and more.
We made $599 for the new playground build. We were excited to see many 'non-MWPS' people; local families and even some animation-nuts who had heard about our event at other animation nights in Sydney.
Sorry we sold out of choc-tops, hot dogs and beer. We promise more next time!
BIG thanks to Shelley in the canteen, and Sophia for her cupcakes, Angie for watching the door, and Joe and Tam for being Darren's support crew.
Stay tuned for Term 4's movie night, its going to be great!

Fathers Day Stall
It is 10 days until the Father's Day stall (Thur 4th Sept). If you are donating any goods they can be handed into the Office any time in the next week and a half. If you can help out on the day selling or wrapping goods, please also let Melanie Stopic know on mstopic@ exemail.com.au.

NEXT P&C MEETING: 7pm Thursday 28 Aug
in the Staff Room. All parents are welcome to come along and learn more about the school and give their ideas on how to make it a better place.
Is University for your Child?
University visits for Parents
Come and experience university life for yourself!
Have your questions answered and enjoy a free lunch and campus tour.

Information about university will be provided including:
- Courses available
- Financial support
- Pathways to university
- Student support/housing

Australian Catholic University, Mount St Mary Campus
Venue: Reception Building, 25A Barker Road, Strathfield
When: 22nd July 2014, 10:00am - 2:00pm
RSVP: 15th July 2014
Contact: Nicola Cull, 02 9701 4566 or nicola.cull@acu.edu.au

University of Sydney
Venue: MacLaurin Hall, Manning Road, Camperdown
When: 31st July 2014, 10.00am - 1.30pm
RSVP: 25th July 2014
Contact: Compass Administration, 02 8627 8515 or compass.administration@sydney.edu.au

University of Technology, Sydney
Venue: The Campus Hub, Building C10A, Level 3, Balataca Road, North Ryde
When: 4th September 2014, 10.00am - 2.00pm
RSVP: 28th August 2014
Contact: Donna Heemi, 02 9850 7335 or donna.heemi@mq.edu.au

University of Western Sydney, Parramatta Campus
Venue: Cnr James Ruse Drive and Victoria Road, Rydalmere
When: 17th October 2014, 10:00am - 2:00pm
Contact: Crystal Clardge, 1300 854 224 or forschool@uws.edu.au
RSVP: 10th October 2014

Transport can be organised for large groups.

Bridges to Higher Education is a partnership of the University of Technology, Sydney, Macquarie University, University of Western Sydney, University of Sydney and the Australian Catholic University which aims to boost the participation of communities underrepresented in higher education. This program is funded by the Commonwealth Government’s Higher Education Participation and Partnerships Program.

FATHER’S DAY STALL 2014
Hello from your Parents’ and Citizens’ Association.

Fathers’ Day is coming up in a few weeks and we are holding a stall on Thursday 4th September.

It’s a great learning experience & so much fun for the kids to go shopping by themselves and choose something for a person they love.

Nothing will be more than $10 and there will be plenty of great items for as little as $2.

To keep our costs down and profits up (for the new playground we are soon to start building!!), we are asking for donated goods.

Here are some suggestions, but feel free to come up with different ideas;

- tools
- coasters
- cooking tools
- stubby holders
- homemade sauces and relishes
- cookbooks
- garden tools
- chilli plants
- herbs
- mugs

Items can be dropped off at the office any time.

Thanks in advance.
In one week:
Which student would you expect to know more?
Which student would you expect to read better?

In one school year (9 months):

21,600 minutes of reading

In one month:
3,600 minutes of reading

In one week:
400 minutes of reading

In one month:
720 minutes of reading

By the end of sixth grade:
21,600 minutes of reading

Which student would you expect to read better?
Which student would you expect to know more?
Which student would you expect to write better?
Which student would you expect to have a better vocabulary?
Which student would you expect to be more successful in school and life?
How do you think each student will feel about himself as a learner?

School Health Clinic at MWPS

Marrickville West Primary School, Connect Marrickville and Sydney Local Health District have come together to organise a doctor to visit our school every term. This is a free and confidential service aimed at supporting our school community.

If you have any concerns regarding your child’s health and development and you would like your child to be seen by the doctor, we will need your written permission and a short questionnaire to be completed.

Forms can be obtained and returned at the front office. Due to the expected high level of interest in this initiative, appointments will be made on a priority basis determined by the Learning Support Team who will inform you of your appointment time.

If you have any questions, please contact Ms Joanne Mulligan (Learning Support Coordinator) or Ms Ruth Ling (Principal) on 9558 1137.

Our first Dr visit will be on 22nd August 2014. Requests need to be submitted by 11th August for Term 3.

Ruth Bradfield-Ling
Principal
Joanne Mulligan
Learning Support Coordinator

Our School Day

9:20am: Morning Bell – meet in Hall

CLASS TIME

11:25am: Lunch – Eating time (earlier for Kindergarten)

CLASS TIME

11:35am: Lunch – Play time

12:15pm: End of Lunch

CLASS TIME

2:15pm: Recess

2:40pm: End of Recess

CLASS TIME

3:25pm: End of School

The Health Clinic was a success.
Stay tuned for the next session!
CALL FOR SCULPTURES! · CALL FOR SCULPTURES! · CALL FOR SCULPTURES!

Have you ever thought about making sculptures out of the materials and leftovers that you find all around you every day? Plastic bottles, cardboard boxes, bottle caps, plastic shopping bags, old clothes? Anything at all might be a good beginning for a great artwork.

We need you!

Did you know that Picasso made a sculpture out of an old bicycle seat? Another famous artist called Marcel Duchamp made a sculpture out of an old bicycle wheel and a stool. Lots of famous artists have figured out that anything at all can be turned into great art.

NOW IT’S YOUR TURN!!

On Saturday 13 September 2014, Marrickville West Primary School and the School’s P&C is holding ‘Sculpture by the School’, a community-inclusive, environmentally-friendly fundraising event.

WE NEED YOU to donate sculptures you have made that we can sell at the event to raise funds for our school. Think big, think small, think about what you like to make and have lots of fun making it.

Any questions or need more information? Call Carolyn (Wavey & Jed’s mum) on 0407 027 835 or email sculpturemwps@gmail.com
